**BREVARD COUNTY, FLORIDA**

Clerk, Auditor and Accountant to the Brevard County Board of County Commissioners

March 24, 2011

Brevard County Board of County Commissioners  
and  
Citizens of Brevard County, Florida

The Comprehensive Annual Financial Report of Brevard County, Florida, for the fiscal year ended September 30, 2010, is hereby submitted. Chapter 218.39 of the Florida Statutes requires an independent certified public accountants financial audit of counties in the State. This requirement has been met for the fiscal year ended September 30, 2010 and the report of the independent auditors has been included in the financial section of this report. This report was prepared by the staff of the Finance Department, who report to the Clerk of the Circuit Court. Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Clerk of the Circuit Court. The enclosed data is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and the results of operations of the County. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities are included.

Governmental accounting and auditing principles require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This transmittal letter is designed to complement the MD&A and should be read in conjunction with it. The MD&A follows the independent auditors' report.

Brevard County operates under the constitution and laws of the State of Florida. The Board of County Commissioners is the legislative body for Brevard County and is made up of five residents elected by voters in their respective districts. In addition to the County Commissioners, the voters elect five constitutional officers: Clerk of the Circuit Court, Tax Collector, Sheriff, Property Appraiser and Supervisor of Elections.

The Brevard County Board of County Commissioners and the elected constitutional officers provide a comprehensive range of public services to the community. These public services include law enforcement and detention/correction services, fire protection and rescue services, social services, health and welfare, recreation and parks, libraries, road maintenance and improvements, environmental protection, comprehensive planning, economic development, voter registration and elections, and court administration. The County provides additional services to the community similar to private enterprise. These include solid waste disposal, collection and recycling services, water/wastewater utility services, golf courses, a transportation system, and airport facilities. Internal Service Funds have also been established to provide support services to County departments in the areas of information/communication systems and risk management.

400 South Street, 3<sup>rd</sup> Floor – East, Titusville, FL 32780  
Post Office Box 1496, Titusville, FL 32781-1496  
Telephone: (321) 637-2002 Fax: (321) 264-5227  
**[mitch.needelman@brevardclerk.us](mailto:mitch.needelman@brevardclerk.us)**  
**<http://www.brevardclerk.us>**

The financial statements also include various other special taxing districts, an airport authority, a water control district and other entities for which Brevard County is financially accountable. These entities are described in the notes to the financial statements (Exhibit A-13, Note 1).

Formal budgetary integration is employed as a management control device during the year. The Clerk of the Circuit Court and Supervisor of Elections submit their budgets to the Board by May 1 of each year. The Property Appraiser and Sheriff submit their budgets to the Board by June 1 and the Tax Collector submits their budget by August 1. After work sessions on departmental budgets and the constitutional officers' requests are conducted, a tentative budget is submitted to the public by Board resolution and public hearings are held to obtain taxpayer comments. A final public hearing is then held and the final budget is adopted. Budget to actual comparisons are presented in this report for each governmental fund for which an annual budget has been adopted. For the general fund and the major special revenue funds, these comparisons are included in the basic financial statement section. The nonmajor special revenue, debt service, and capital project funds budget to actual comparisons are included in the combining and individual statements and schedules section of this report. Brevard County follows the laws of Florida regarding the control, adoption and amendment of the budget during each fiscal year.

### ECONOMIC SUMMARY

Brevard County encompasses approximately 1,300 square miles and is located in the middle of the state's east coast. The local diversified economy includes manufacturing of electronic equipment, the Space Shuttle Program at the Kennedy Space Center, citrus production, agriculture, and tourism. Major private employers include: Harris Corporation, Health First, Inc., United Space Alliance, Walmart, Publix Supermarkets, and Wuesthoff Health Systems, Inc. The County's unemployment rate as of December 2010 was 11.9%.

The County is the tenth largest county in population among the 67 counties of the State of Florida. The county has experienced an average population growth rate of 1.7% per year during the last decade. The development of the Space Center, peripheral services, aerospace and high technology industries, tourism services, and an influx of retired persons have contributed to the population growth. The County's population is projected to be 587,900 in the year 2015 and 625,200 in the year 2020.

### ACCOUNTING SYSTEM

In developing and evaluating the accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of the control should not exceed the benefits likely to be derived, and (2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework.

### GOALS AND OBJECTIVES

Management's goals and objectives are to provide infrastructure for future growth, sound fiscal management and to maintain the quality of life citizens enjoy in Brevard County. This has been accomplished by providing economic incentives to improve commercial and industrial activity and improving accessibility of public information. Examples of specific goals and accomplishments are as follows:

The County continues to look at ways to become more energy efficient and promote conservation. The Solid Waste's Landfill Gas to Energy Facility is now generating green energy enough to power 9,000 homes, a 50% increase over the prior year. The County was awarded a \$2.9 million Energy Efficiency and Conservation grant. This grant is being used to install photovoltaic roof panels to supplement electricity in buildings, low emittance windows to reduce solar heat, digital HVAC and lighting controls and replacing inefficient light fixtures.

In looking at the quality of life the County continues to assist 11 community-based and public service agencies which provide services such as adult day care, meals on wheels, mental health and substance abuse treatment, shelter and transitional housing and transportation for the disabled. Fixed route ridership for the County's transit system increased over 13% to over 1.6 million passenger trips.

Technological changes have also been made throughout the County. Mobile data terminals have been deployed in rescue vehicles to provide real-time access to the dispatch system. Libraries have implemented several new internet based services. Public Works has added 15 intersections to the Intelligent Transportation System and is completing plans to add an additional 12 intersections to the system.

Construction was completed on 8 major flood control and stormwater treatment projects. Engineering design and permitting continue for 15 additional flood control projects with construction beginning this coming year. The County has secured grants and intergovernmental partnerships totaling \$7.7 million to construct 7 more projects in the following year. Grand openings occurred this year at 6 Parks & Recreation facilities.

The unincorporated areas of Brevard County saw roughly 32 miles of roads resurfaced. The County acquired 83 parcels for roadway improvements and completed the Pineda Causeway Extension from US1 to I-95. An interchange connecting it to the interstate is expected to be complete in the next year.

#### INDEPENDENT AUDITORS

In compliance with the laws of the State of Florida, the County's independent Certified Public Accountants, Berman, Hopkins, Wright, & LaHam, CPAs and Associates, LLP have completed an audit of the accounts and financial statements, and their opinion is included herein.

#### AWARDS

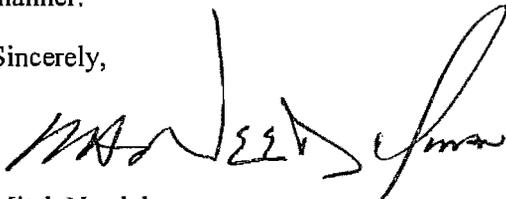

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Brevard County, Florida, for its comprehensive annual financial report for the fiscal year ended September 30, 2009. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. Brevard County has received a Certificate of Achievement for the last twenty-nine consecutive years. We believe our current report continues to conform to Certificate of Achievement Program requirements and are submitting it to GFOA.

#### ACKNOWLEDGEMENTS

The preparation of this report, on a timely basis, could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. Also appreciated are the efforts of elected officials and members of the County staff, for their interest and support in planning and conducting the financial operation of the County in a progressive and responsible manner.

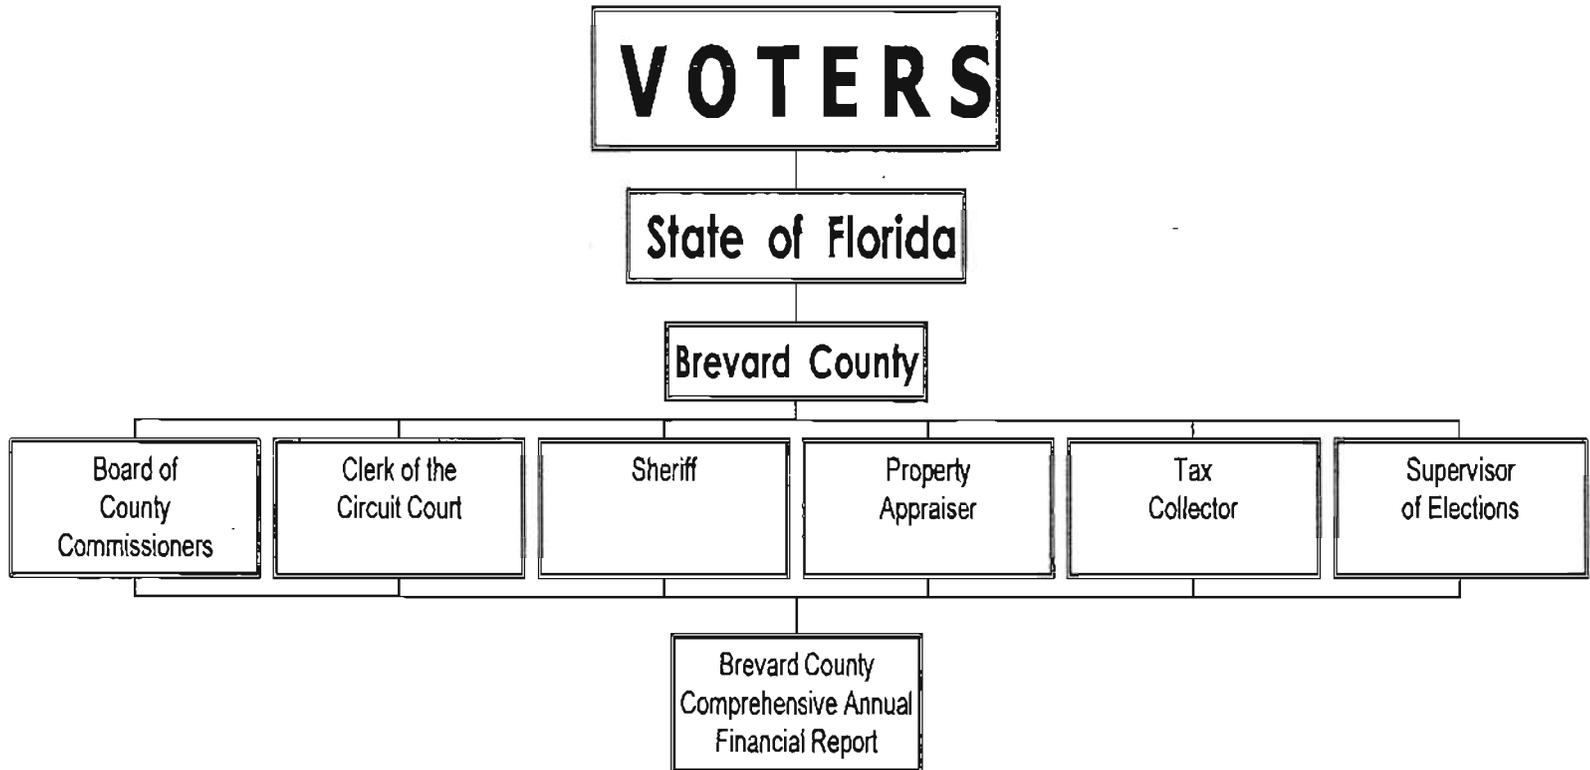

Sincerely,

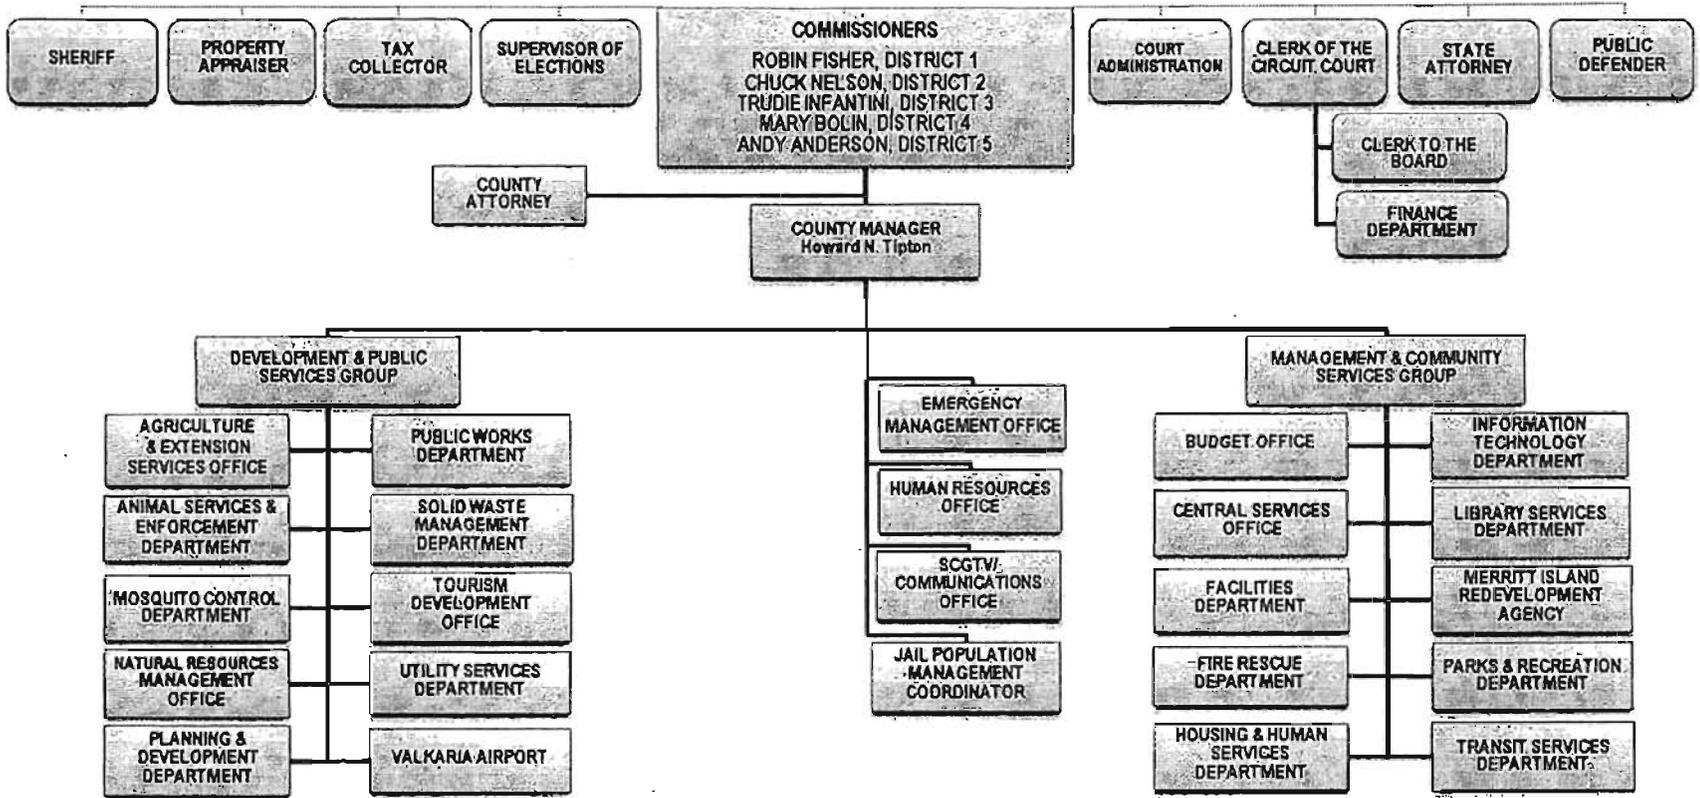

Mitch Needelman  
Clerk to the Board

MN/dmh

## INDEPENDENT AUDITORS' REPORT

Board of County Commissioners  
Brevard County, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Brevard County, Florida, as of and for the year ended September 30, 2010, which collectively comprise Brevard County, Florida's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Brevard County, Florida's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Titusville-Cocoa Airport Authority, Melbourne-Tillman Water Control District, and Brevard County Housing Finance Authority, which collectively represent 95 percent, 95 percent and 78 percent, respectively, of the assets, net assets, and revenues of the aggregate discretely presented component units of Brevard County, Florida. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as it relates to the amounts included for the aggregate discretely presented component units is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Brevard County, Florida, as of September 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof and the respective budgetary comparison for the General, Emergency Services, Brevard County Transportation Trust, and Grants Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2011, on our consideration of Brevard County, Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Brevard County, Florida's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and Chapter 10.550, *Local Government Entity Audits*, Rules of the Auditor General of the State of Florida and is also not a required part of the financial statements. The combining and individual nonmajor fund financial statements and schedules and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

March 16, 2011

# Management's Discussion and Analysis

As Clerk of the Circuit Court for Brevard County, I offer readers of the Brevard County Financial Statements this narrative overview and analysis of the financial activities of Brevard County for the fiscal year ended September 30, 2010. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal of the report. All amounts, unless otherwise indicated, are expressed in millions of dollars.

## Financial Highlights

- Brevard County's assets exceeded its liabilities at September 30, 2010 by \$945.7 million (net assets). Of this amount, \$68.8 million (unrestricted net assets) may be used to meet the County's ongoing obligations to citizens and creditors.
- The County's total net assets increased \$6.9 million over the previous year with \$3.0 million of the increase resulting from governmental activities and \$3.9 million resulting from business-type activities.
- The General Fund reported a fund balance of \$38 million, a decrease of \$.6 million from the previous fiscal year.
- Total bonded debt decreased \$30.5 million in fiscal year 2010.

## Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Brevard County's basic financial statements. The Brevard County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of Brevard County's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of Brevard County's assets and liabilities, with the difference between the two reported as net assets. Increases or decreases in net assets may serve as a useful indicator of whether the financial position of Brevard County is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Brevard County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of Brevard County include general government, public safety, physical environment, transportation, economic environment, human services, and culture/recreation. The business-type activities of Brevard County include waste collection/disposal, water resources, transit service and golf courses.

The government-wide financial statements include not only Brevard County itself (known as the primary government), but also a legally separate airport authority, water control district and other entities for which Brevard

County is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on Exhibits A-1 and A-2 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Brevard County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Brevard County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Brevard County maintains twenty-seven individual governmental funds. The general fund represents the chief operating fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, emergency services, transportation trust, grants and parks/recreation facilities, each of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements shown in Exhibits B-1 to E-1 of this report.

Brevard County adopts an annual appropriated budget for its governmental funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance.

The basic governmental fund financial statements can be found on Exhibits A-3 to A-8 of this report.

**Proprietary funds.** Brevard County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Brevard County uses enterprise funds to account for its waste collection/disposal system, water resources, transit service and golf courses. Internal service funds are an accounting device used to accumulate and allocate costs internally among Brevard County's various functions. Brevard County uses internal service funds to account for its information systems and risk management. Because both of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements. The proprietary fund financial statements provide separate information for the Solid Waste Management Department, Water Resources Department and Barefoot Bay Water & Sewer District, each of which are considered to be major funds of Brevard County. Individual fund data for the non-major enterprise and the internal service funds is provided in the form of combining statements shown in other Exhibits F-1 to G-3 of this report.

The basic proprietary fund financial statements can be found on Exhibits A-9 to A-11 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of

those funds are not available to support Brevard County's own programs. Individual fund data for each of these fiduciary funds is provided in the form of combining statements shown in Exhibits H-1 and H-2 of this report.

The basic fiduciary fund financial statements can be found on Exhibit A-12 of this report.

**Notes to financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found on Exhibit A-13 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning Brevard County's progress in funding its obligation to provide other postemployment benefits to its employees. Required supplementary information can be found on Exhibit A-14 of this report.

### Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Brevard County, assets exceeded liabilities by \$945.7 million at the close of the most recent fiscal year. Brevard County's increase in net assets for this fiscal year amounts to \$6.9 million.

The largest portion of Brevard County's net assets (68 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that are still outstanding. Brevard County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Brevard County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since most of the capital assets themselves cannot be used to liquidate these liabilities.

The government-wide financial analysis does not consider any legislative or spending restrictions within the governmental and business type activities. For example, gas taxes are usually restricted to road construction/maintenance. Property taxes levied for fire/rescue would be restricted to fire/rescue purposes. The composition of the County's net assets can be used as an indication of overall financial condition. The financial analysis of Brevard County's funds, which begins on page 8, will indicate how past policies have accumulated funds within specific functions as other functions experience fiscal challenges.

	Governmental Activities		Business-type Activities		Total

Unrestricted	26.4	36.7	42.4	42.8	68.8	79.5	(13.5)
Total net assets	<u>\$ 687.0</u>	<u>\$ 684.0</u>	<u>\$258.7</u>	<u>\$254.8</u>	<u>\$ 945.7</u>	<u>\$ 938.8</u>	<u>0.7</u>

The restricted portion of Brevard County's net assets (25 percent) represents resources that are subject to external restrictions on how they may be used. The restrictions include acquiring land for preservation, capital improvements to parks and road construction/resurfacing. The remaining balance of unrestricted net assets (\$68.8 million) may be used to meet the government's ongoing obligations to citizens and creditors within the respective governmental and business-type activities.

At the end of the current fiscal year, Brevard County is able to report positive balances in all three categories of net assets as a whole and individually within the governmental and business-type activities.

The Changes in Net Assets displayed below shows the governmental and business-type activities during the fiscal year. The increase in net assets resulted primarily from additional infrastructure added, user fees and unspent capital bond proceeds.

**Financial Analysis of Governmental Activities**

Governmental activities increased the County's net assets by \$3.0 million, compared to an increase of \$17.6 million in the previous year. Public safety expenses, including the Sheriff's department and Fire/Rescue account for the largest percentage (39%) of program expenses. The chart comparing the major expenses of governmental activities for fiscal years 2009 and 2010 is as follows:

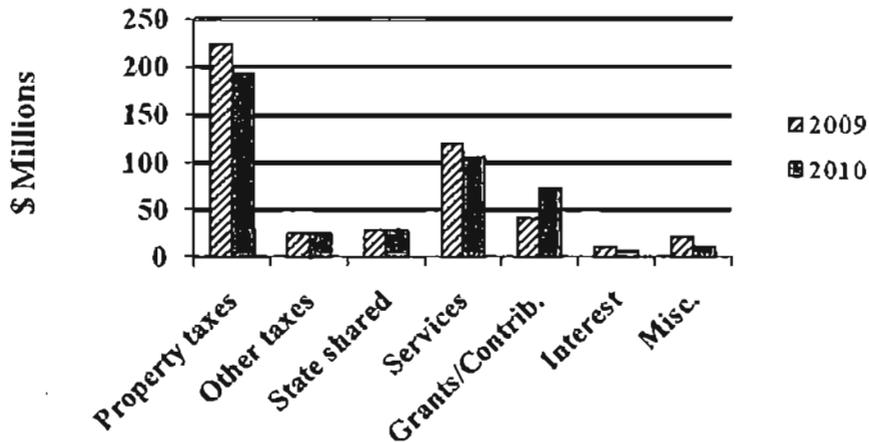

**Brevard County Comparison of Expenses -  
Governmental Activities**

The charges for services program revenues for fiscal year 2010 were reduced by \$13.7 million from fiscal year 2009. Building related revenues declined \$5.0 million due to the reduction in construction activity. Court-related charges declined \$7.3 million as a result of the State of Florida receiving the majority of court revenues. Taxable property values have continued to fall and the rates levied by the County Commission generated less ad valorem taxes than the preceding fiscal year. Grants and contributions revenue increased \$31.7 million due to additional ARRA funds, Neighborhood Stabilization and beach restoration grants received during the fiscal year.

The chart comparing the major revenues of governmental activities for fiscal years 2009 and 2010 is as follows:

### Brevard County Comparison of Revenues - Governmental Activities

#### Financial Analysis of Business-type Activities

Business type activities increased the County's net assets by \$3.9 million, compared to \$3.1 million in the previous year. The County's solid waste operations experienced the largest increase in net assets at \$4.0 million, which is consistent with the results of the prior year. The County's water resources operations reported a \$320,000 increase in net assets.

#### Financial Analysis of Brevard County's Funds

As noted earlier, Brevard County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

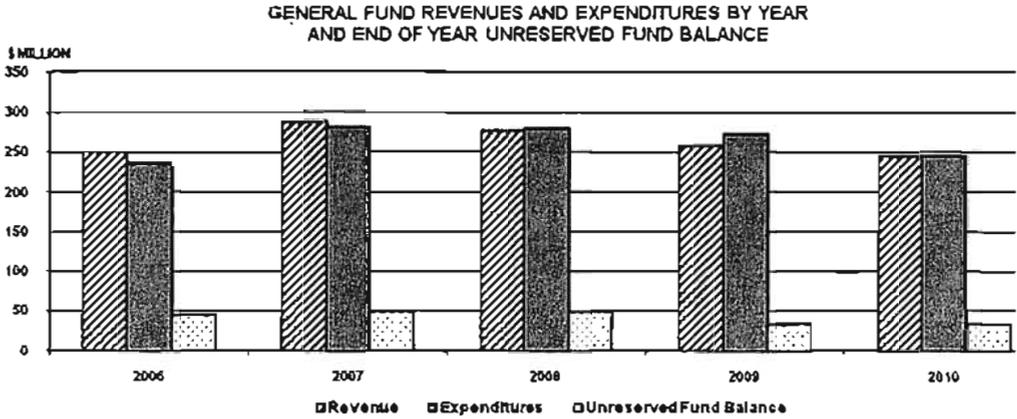

#### Governmental Funds

The focus of Brevard County governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Brevard County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2010, Brevard County governmental funds reported combined fund balances of \$303.2 million, a decrease of \$45.5 million from the prior year balances. The decrease is primarily attributable to the expenditures for projects in the current year in the Brevard County Transportation Trust, Parks and Recreation Facilities and Education Impact Fee funds which were funded by balances carried forward from prior years. In addition, the County utilized accumulated reserves to partially fund the refunding of outstanding bonds to effect an overall reduction in debt service.

The General Fund is the chief operating fund of the County. At September 30, 2010, total fund balance in the General Fund was \$38.0 million, of which \$34.0 million was unreserved as compared to a total fund balance of

\$38.6 million and an unreserved fund balance of \$34.2 million at September 30, 2009: Economic conditions continue to reduce revenues generated from sales tax and building development. Taxable property values fell and the rates levied by the County Commission generated \$31.1 million less than the preceding fiscal year. As a measure of the General Fund's liquidity, the total and unreserved fund balances compared to total fund expenditures and other financing uses shows percentages of 15.5% and 13.9 % respectively, representing an increase from the 14.1% and 12.5% levels in the preceding fiscal year. The General Funds annual fiscal pattern is as follows:

Emergency Services received \$57.5 million of dedicated property taxes, fire assessment, ambulance fees and General Fund financial support during fiscal year 2010. The department expended \$61.4 million for personnel, operations and some capital renovations. The \$27.7 million in fund balance is a reduction of \$4.0 million from fiscal year 2009.

Although expenditures reduced slightly in 2010, this was offset by a larger decrease in revenues, primarily a decrease of \$5.4 million in General Fund support.

The fund balance in the Brevard County Transportation Trust fund decreased by \$7.4 million in fiscal year 2010 due to bond proceeds received in prior years being expended for road projects during fiscal year 2010.

The Grants fund revenues and expenditures increased by \$11 million and \$12 million, respectively over the previous year. Significant increases in grant expenditures for fiscal year 2010 included \$3.5 million in American Recovery and Reinvestment Act (ARRA) funds expended for road projects, \$2.9 million in Neighborhood Stabilization program funds and \$2.7 million of state grant funds expended for beach restoration. The Grants fund reported a net decrease in fund balance of \$1.9 million, increasing the deficit fund balance to \$3.8 million at year end, primarily as a result of grant reimbursements not received within the first 90 days of the subsequent fiscal year.

The Parks and Recreation Facilities fund continues to expend proceeds of bonds issued in prior years. The fund balance of \$46.4 million is a reduction of \$13.2 million from fiscal year 2009.

**Proprietary funds.** Brevard County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail, and on a fund basis for the enterprise funds and internal service funds.

**Enterprise Funds.** At September 30, 2010, total net assets amounted to \$256.3 million for enterprise funds as compared to \$251.6 million at September 30, 2009. Net asset changes are a result of operations, investment earnings and capital contributions in the Solid Waste Management and Water Resources funds.

The Solid Waste Management Department reported a change in net assets of \$4.1 million. The total current assets of \$66.5 million include \$24.6 million restricted for landfill closure. The unrestricted current assets of \$41.5 million represent 265% of the \$15.7 million disbursed to operate the department in fiscal year 2010. The department also disbursed \$9.4 million to acquire, construct or improve capital assets during the fiscal year and is expecting to spend funds for future land fill preparation. The revenue bonds used to finance the systems infrastructure was completely retired in April of 2010.

The Water Resources Department reported an increase in net assets for fiscal year 2010 of approximately \$320,000, compared to the \$800,000 increase in net assets in the preceding fiscal year. The net loss before contributions and transfers of \$370,000 is offset by capital contributions from connection fees and assets donated by developers of \$1.6 million. The total capital contributions of \$1.6 million received in fiscal year 2010 declined from the \$3.4 million received in fiscal year 2009. The Water Resources Department is required by bond resolution to maintain user rates sufficient to pay for operations, debt services and all reserve requirements. The coverage for fiscal year 2010 was 102%, an increase from the previous year which was at 100%.

### General Fund Budgetary Highlights

Budget to actual statement is provided for the General Fund. A budget column for both the original budget adopted for fiscal year 2010 as well as the final budget is presented.

A comparison of the original to the final operating revenue budget shows an increase of \$4.0 million, primarily as a result of Federal grants applied to hurricanes relief. Expenditures were \$16.4 million less than final budgeted amounts. Spending levels for 2010 were adjusted by County management during the fiscal year in recognition of declining general revenues.

### Capital Asset and Debt Administration

Capital assets. Brevard County's investment in capital assets for its governmental and business-type activities as of September 30, 2010, amounts to \$958.2 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and structures, improvements, goodwill, machinery and equipment, and park facilities. The roads, highways, bridges and other infrastructure are also included. The total increase in Brevard County's investment in capital assets for the current fiscal year was 3.1 percent (a 4.7 percent increase for governmental activities and a 1.6 percent decrease for business-type activities).

Additional information on Brevard County's capital assets can be found in notes to financial statements (Exhibit A-13, Note 7).

**Long-term debt.** At the end of the current fiscal year, Brevard County had total bonded debt outstanding of \$370.6 million. Of this amount, \$162.4 million comprises debt backed by voter approved property taxes and \$208.2 million is secured solely by specified revenue sources (i.e., revenue bonds).

Additional information on Brevard County's long-term debt can be found in notes to financial statements (Exhibit A-13, Note 13)

**Economic Factors and Next Year's Budgets and Rates**

- o The unemployment rate for Brevard County is currently 11.9 percent, which was a decrease from a rate of 12.1 percent a year ago. The state's average unemployment rate is 11.6 percent and the national average rate is 9.4 percent. The federal, state and local governments are addressing the transition of the space shuttle program; increased unemployment levels resulting from layoffs at the Kennedy Space Center and associated industries is expected.
- o Total property valuation decreased from \$59.2 billion to \$51.7 billion. Taxable property valuation decreased from \$33.3 billion to \$29.1 billion. The valuation of Save Our Homes exemptions is \$1.9 billion, down from \$4.3 billion in 2009.
- o Several debt restructurings are planned for fiscal year 2011, including the defeasance of \$30 million of outstanding Limited Ad Valorem Tax Bonds using unexpended bond proceeds within the Environmentally Endangered Lands and Parks and Recreation Facilities funds.

Brevard County is experiencing a decline in sales tax and other general revenues dependent on economic activity. The number of building permits issued during 2010 was 9,866, a 3.2% increase over the prior year.

All of these factors were considered in preparing Brevard County's budget for the 2011 fiscal year.

**Requests for Information**

This financial report is designed to provide a general overview of Brevard County's finances for all those with an interest in the government's finances. Questions concerning the Basic Financial Statements or other accounting information provided in this report should be addressed to the Finance Director, 400 South St. Titusville, Florida 32780. Questions concerning budgets, long-term financial planning, or the management of County operations should be addressed to the County Manager, 2725 Judge Fran Jamieson Way, Viera, Florida 32940. Complete financial statements for each of the individual component units may be obtained at the entity's administrative office.

BREVARD COUNTY, FLORIDA  
RECONCILIATION OF THE BALANCE SHEET  
TO THE STATEMENT OF NET ASSETS  
GOVERNMENTAL FUNDS  
SEPTEMBER 30, 2010

Fund balances - total governmental funds	\$ 303,215,268
Amounts reported for governmental activities in the statement of net assets are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.	725,231,827
Other assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.	3,086,409
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.	(380,490,172)
Deferred revenue in the governmental funds is susceptible to full accrual on the entity-wide statements.	13,774,654
Internal service funds are used by management to charge the costs of certain services to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities.	<u>22,150,692</u>
Net assets of governmental activities	<u>\$ 686,968,678</u>

BREVARD COUNTY, FLORIDA  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED SEPTEMBER 30, 2010

Net change in fund balances - total governmental funds	\$ (45,739,773)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense.	26,421,152
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net assets.	6,447,051
Some revenues reported in the statement of activities are to be collected on a long-term basis and therefore are not reported as revenues in the funds.	(919,503)
Long-term bonds and lease proceeds provide current financial resources to the governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces the long-term liabilities in the statement of net assets. This is the amount by which proceeds exceeded repayments.	25,586,727
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental fund.	(985,296)
Some expenditures reported in governmental funds are to be collected on a long-term basis and therefore are not reported in the statement of activities.	285,238
Internal service funds are used by management to charge the costs of certain services to individual funds. The net (revenue) of the internal service funds is reported with governmental activities.	<u>(8,208,955)</u>
Change in net assets of governmental activities	<u>\$ 2,886,641</u>

The accompanying notes to the financial statements are an integral part of this statement.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Brevard County is a political subdivision of the State of Florida. It consists of the following Charter Offices, which are governed by state statutes and regulations:

Board of County Commissioners  
Sheriff  
Clerk of the Circuit Court  
Tax Collector  
Property Appraiser  
Supervisor of Elections

As required by generally accepted accounting principles (GAAP), these financial statements present Brevard County and its component units. The component units represent entities for which Brevard County is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations and, therefore, data from these units are combined with data of the primary government. The Board of County Commissioners (Board) serves as the governing body for the Brevard County Free Public Library District, the Brevard County Mosquito Control District, the County Special Recreation District IV, the North Brevard Recreation Special District, and the South Brevard Recreation Special District, therefore, these component units are reported as governmental funds. The Board also serves as the governing body of the Barefoot Bay Water & Sewer District, which is reported as an Enterprise Fund. Discretely presented component units are reported in a separate column, in the government-wide financial statements, to emphasize their legal separation from Brevard County. The reporting period for each component unit ends on September 30th.

Discretely Presented Component Units

North Brevard County Public Library District - The Library District was established pursuant to Chapter 69-869, Laws of Florida, to fund the operation of a public library system in North Brevard County. The City of Titusville appoints five members of the Library Board, and the Board of County Commissioners (Board) appoints two members. Although the Library District is not fiscally dependent upon the Board, it would be misleading to exclude the Library District from the reporting entity. The Library District is classified as a dependent special district to the Board by the Florida Department of Community Affairs and, as such, is required to be included in the annual report filed with the Florida Department of Banking and Finance. The Library District is presented as a governmental fund.

Merritt Island Redevelopment Agency - The Agency was established pursuant to Section 163.387, Florida Statutes, and Ordinance 89-28, as amended by 90-188, to fund redevelopment in the Merritt Island area. The Board of County Commissioners (Board) appoints all members of the Agency board. The Board provides financial support by establishing, through an ordinance, the incremental tax revenue for the Agency. The Agency is presented as a governmental fund.

Titusville-Cocoa Airport Authority - The Airport Authority operates three general aviation airports within the Titusville-Cocoa Airport District. The Airport Authority was established pursuant to Chapter 63-1143, Special Acts of Florida. The Board of County Commissioners (Board) appoints all members of the Airport Authority board. The Board approves the Airport Authority's budget. The Airport Authority is presented as a proprietary fund.

Melbourne-Tillman Water Control District - The Water Control District (District) was created by the Florida Legislature in 1986, to secure, operate, and maintain an adequate, dependable surface water management system within a portion of South Brevard County. The District operates under the authority of Chapter 2001-336, Laws of Florida, as amended by Chapter 2003-334, Laws of Florida. The Board of County Commissioners (Board) appoints three of the seven member board of the District. The Cities of Palm Bay and Melbourne appoint the other four members. The Board approves the District's budget. The District is presented as a proprietary fund.

Brevard County Housing Finance Authority - The Housing Finance Authority was created pursuant to Chapter 159, Part V, Florida Statutes, and County Ordinance 79-09, for the specific purpose of alleviating a shortage of housing and capital for investment in housing in Brevard County. The members of the Housing Finance Authority board are appointed by the Board of County Commissioners (Board) and can be removed, without cause, by a three-fifths vote of the Board.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

The Housing Finance Authority is presented as a proprietary fund type. Revenue bonds issued by the Housing Finance Authority do not constitute indebtedness of the Board, the Housing Finance Authority, or the State, and are secured solely by mortgage loans and interest earnings therein. Accordingly, such obligations are not included within the accompanying financial statements.

Complete financial statements for each of the individual component units may be obtained at the entity's administrative office.

Related Organizations

The Board of County Commissioners (Board) is responsible for all of the board appointments for the Health Facilities Authority and Educational Facilities Authority. The Board also appoints a majority of the board members for the North Brevard County Hospital District. However, the Board has no further financial accountability for any of these organizations.

The A. Max Brewer Memorial Law Library, Brevard County Expressway Authority, and Brevard County Health Facilities Authority represent component units and reported no revenues or expenditures for the period ended September 30, 2010.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements consist of a Statement of Net Assets and a Statement of Activities. These statements report information on all of the nonfiduciary activities of the primary government and its component units as a whole. As part of the consolidation process, all interfund activities are eliminated from these statements, except for the residual amounts between governmental and business-type activities reported as "internal balances." On both statements, governmental activities are reported separately from business-type activities and the primary government is reported separately from its discretely presented component units.

Net assets, the difference between assets and liabilities, as presented in the Statement of Net Assets are subdivided into three categories: amounts invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. Net assets are reported as restricted when constraints are imposed on the use of the amounts either externally by creditors, grantors, contributors, or laws or regulations of other governments, or by law through constitutional provisions or enabling legislation.

The Statement of Activities presents a comparison between the direct and indirect expenses of a given function or segment and its program revenues, and displays the extent to which each function or segment contributes to the change in net assets for the fiscal year. Direct expenses are those that are clearly identifiable to a specific function or segment. The Intergovernmental activity represents disbursements to other governments that will administer use of the funds. Indirect expenses are indirect costs the County has allocated to functions through various automatic allocation methods. Program revenues consist of charges for services, operating grants and contributions, and capital grants and contributions. Charges for services refer to amounts received from those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Grants and contributions consist of revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Revenues not classified as program revenues are reported as general revenues.

Separate fund financial statements report detailed information about the County's governmental, proprietary and fiduciary funds. The focus of governmental and proprietary fund financial statements is on major funds. Therefore, major funds are reported as separate columns in the fund financial statements and nonmajor funds are aggregated and presented as a single column on each statement. The internal service funds are presented in a single column on the face of the proprietary fund statements. A reconciliation is provided that converts the results of governmental fund accounting to the government-wide presentation.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and the proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes, other charges for services, and various functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements, as well as the proprietary and fiduciary fund financial statements, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred. Proprietary funds distinguish between operating and nonoperating revenues and expenses. Operating revenues generally result from producing and delivering goods or providing services, such as water, sewer and garbage services, to the general public. Operating expenses for these operations include the costs of sales and services, administrative expenses and depreciation. All revenues and expenses not meeting the definition of operating are reported as nonoperating revenues and expenses.

All governmental fund financial statements are reported using a current financial resources measurement focus on a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, considered to be sixty days (ninety days for intergovernmental revenue).

The primary revenue sources for governmental funds are state revenue sharing funds, franchise fees, special assessments, impact fees, property taxes, and interest earnings on investments. Primary revenue sources associated with the current fiscal period are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenues, such as licenses and permits, charges for services, and miscellaneous revenues, are considered to be measurable and available only when payment is received.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, accumulated sick and vacation pay, prepaid insurance and similar items, and principal and interest on long-term debt are recorded only when payment is due.

In applying the modified accrual basis of accounting to intergovernmental revenues, the legal and contractual requirements of the individual programs are used as guidance. There are typically two types of intergovernmental revenues. One type requires monies to be expended for the specific purpose or project before any amounts will be reimbursed to the County and, therefore, the revenues recognized are based upon recorded expenditures. The other provides monies that are generally unrestricted as to purpose of expenditure and are substantially irrevocable (i.e. revocable only for failure to comply with prescribed compliance requirements). These revenues are recognized at the time of receipt or earlier if they meet the availability criterion.

The following are reported as major governmental funds:

**General Fund** - The General Fund is the general operating fund of the County. All general tax revenues and other receipts that are not required either legally or by generally accepted accounting principles to be accounted for in other funds are accounted for in the General Fund.

**Emergency Services** - The Emergency Services Special Revenue Fund is used to account for an ad valorem, impact fees, ambulance charges, and a county-wide non-ad valorem assessment for the provision of fire protection services in the unincorporated areas of Brevard County and participating municipalities.

**Transportation Trust** - The Transportation Trust Special Revenue Fund is used to account for the construction and maintenance of County roads. These activities include road maintenance, traffic control, right-of-way acquisition, and construction of new roadways. Funds are provided from state-shared revenues and gas taxes collected and distributed by the State of Florida, impact fees, and non-ad valorem revenue from the General Fund.

**Grants** - The Grants Special Revenue Fund is used to account for certain Federal and State grants.

**Parks and Recreation** - The Parks and Recreation Capital Projects Fund is used to account for the construction and improvements made to recreational facilities.

The following are reported as major enterprise funds:

**Solid Waste Management Department** - The Solid Waste Management Department Enterprise Fund is used to account for disposal fees and expenses associated with the provision of solid waste disposal within Brevard County pursuant to Chapter 67-1146, Special Acts of Florida.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

**Water Resources** - The Water Resources Enterprise Fund is used to account for service charge revenues and expenses associated with the provision of water/wastewater services in certain areas of Brevard County pursuant to Chapter 67-1145, Special Acts of Florida.

**Barefoot Bay Water & Sewer District** - The Barefoot Bay Water & Sewer District Enterprise Fund is used to account for service charge revenues and expenses associated with the provision of water/wastewater services to the Barefoot Bay area of Brevard County, in accordance with County Ordinance 99-77.

The County also reports the following fund types:

**Internal Service Funds** - Internal Service funds are used to account for the financing of goods or services provided by one department to other departments of the County or to other governmental units on a cost reimbursement basis. The County has Internal Service funds for risk management and information/communications systems.

**Agency Funds** - Agency funds are clearing accounts for assets held by a government as an agent for individuals, private organizations, or other governments or other funds. Agency funds are custodial in nature (assets equals liabilities) and do not involve the measurement of results of operations. The County has agency funds to account for performance bonds, forfeitures, registry of court, and tax collections received and held by the Board, Sheriff, Clerk, and Tax Collector as agents for individuals, private organizations or other governments.

D. Budget

Brevard County follows the procedures detailed below in establishing the budgetary data reflected in the financial statements:

The Supervisor of Elections and Sheriff submit, for approval, their tentative budgets for the ensuing fiscal year to the Board of County Commissioners by May 1 and June 1, respectively. The Brevard County Property Appraiser and Tax Collector submit their budgets, for approval, to the State of Florida, Department of Revenue, and file a copy with the Board of County Commissioners by June 1 and August 1, respectively.

The Clerk of the Circuit Court's budget is prepared in two parts. The first part, which relates to the state court system functions, is filed with the Florida Clerks of Court Operations Corporation by October 1 each year. The second part, which relates to the duties as Clerk to the Board of County Commissioners, County Auditor, Custodian, Treasurer of all County funds and the recording function, is submitted to the Board of County Commissioners by May 1 of each year.

Although the Board of County Commissioners sets the Sheriff's and Supervisor of Elections' budgets and the Florida Department of Revenue sets the Property Appraiser's and Tax Collector's budgets, budget appeals can be instituted with the State of Florida Administrative Commission by the affected parties.

Within 15 days of the annual certification of property values by the Property Appraiser, the County Budget Office submits to the Board of County Commissioners the County's budget for the following fiscal year. Public hearings are conducted by the Board of County Commissioners to obtain taxpayer comments. During the public hearings required by Chapter 200, Florida Statutes, the budgets of the Sheriff, Supervisor of Elections, and the Clerk to the Board's portion of the Clerk's budget are approved as part of the County's budget. Prior to September 30, the County's budget is legally enacted through passage of a resolution by the Board of County Commissioners.

The Board of County Commissioners may amend the budget during the fiscal year. These amendments must be adopted in accordance with the same laws that governed the adoption of the original budget.

Pursuant to Section 129.07, Florida Statutes, it is unlawful to expend or contract for the expenditure in any fiscal year for more than the amount budgeted in each fund. The legal level of budgetary control is at the fund level. The Board, pursuant to Section 129.06, Florida Statutes, may amend the original budget during the fiscal year or within sixty (60) days after the end of the fiscal year. The Board has delegated authority to authorize interdepartmental and line item transfers up to \$100,000.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

Amendments to the Property Appraiser's and Tax Collector's budgets are controlled by the State of Florida, Department of Revenue. Amendments to the Clerk of the Circuit Court's budget that relate to state court system functions require approval by the State of Florida, Department of Financial Services.

Formal budgetary integration is employed as a management control device in all governmental funds. Budgets for all governmental funds are adopted on a basis consistent with generally accepted accounting principles. All General, Special Revenue, Debt Service, and Capital Projects funds have legally adopted budgets.

Budget amendments totaling \$60,965,358 were enacted during the fiscal year primarily to authorize appropriation of proceeds from grant revenues, and unbudgeted cash balances.

E. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

F. Capital Assets

Capital assets, which include property, plant, equipment, infrastructure and goodwill assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial individual cost of more than established threshold and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

<u>Capital Asset Category</u>	<u>Capitalization threshold</u>
Land	Capitalize all
Buildings and structures	\$ 35,000
Infrastructure	35,000
Improvements to land	5,000
Improvements other than buildings	5,000
Machinery & equipment	750
Goodwill	Capitalize all

In accordance with GASB Statement No. 34, effective October 1, 2005, the county implemented the retroactive reporting of infrastructure assets associated with governmental activities acquired or constructed after October 1, 1980.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of exhaustible fixed assets is charged as an expense against the operations of the governmental and business-type activities in the government-wide financial statements. Depreciation of assets in the proprietary funds is also charged as an expense at the fund level. Since the purpose of the governmental fund level statements is to show the sources and uses of current assets, capital assets and depreciation are not shown. Constructed assets are depreciated upon completion.

Capital assets of the County, as well as the component units, are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and structures	5-40
Infrastructure	10-75
Improvements to land	15-35
Improvements other than buildings	5-25
Machinery & equipment	3-10
Goodwill	15

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

G. Unbilled Service Revenues

Approximately 91% of the Water Resources Department's service fee revenue is billed and collected by cities as agents for the County. Cash collected by the cities is remitted monthly to the County. The County records all revenues billed by the cities through the end of the fiscal year. Unbilled revenue, which results from cycle billing practices of the cities, is recorded in the following fiscal year.

H. Restricted Assets

The use of certain Enterprise assets is restricted by bond resolutions and agreements with various parties. Examples include – assets set aside for maximum debt service, renewal and replacement reserves and landfill closure and postclosure care. Assets so designated are identified as restricted assets on the balance sheet.

I. Inventory and Prepaid Items

Inventory is valued at cost. Cost is determined for the Fire/Rescue and Sheriff departments' fleet inventory using the moving average method. All other inventories are valued using the first-in, first-out (FIFO) method.

Inventory in the General and Special Revenue Funds consists of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when purchased. Inventory remaining at year-end is reserved in fund balance.

Inventory in the Proprietary Funds fund financial statements is recorded as an expense when used. Inventory in the entity-wide Statement of Activities, for both governmental and business-type activities are recorded as an expense when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the government-wide Statement of Net Assets. In the governmental fund's Statement of Revenues, Expenditures and Changes in Fund Balances, prepaid items are included in expenditures for the current period, when purchased.

J. Investments

Investments are valued at fair value in accordance with GASB 31. Investments, and income from investments owned by individual funds, are recorded in the respective fund. The County maintains a consolidated account to maximize investment yields. Investment income, resulting from pooling of investments within the consolidated account, is allocated based on the average cash balances for the respective funds.

K. Deferred Income

Noncurrent portions of long-term receivables of governmental funds are reported on their balance sheets regardless of their spending measurement focus. Special reporting treatments are used to indicate that they should not be considered "available spendable resources" since they do not represent current assets. Recognition of governmental fund type revenues, represented by noncurrent receivables, is deferred until they become current receivables. Significant deferred income in the governmental fund types include receivables for the provision of ambulance services and grants. The noncurrent portion of long-term loan receivables, usually associated with interfund loans, is offset by fund balance reserve accounts.

L. Accrued Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and a portion of sick pay is accrued when earned and a liability is reported in the government-wide and proprietary fund financial statements. A liability is reported in the governmental funds only if a liability results from employee resignations/retirements and they are to be paid with current operating funds. Estimates have been utilized to determine the amount to report as the current portion.

M. Property Taxes

Property taxes are levied on property values as of January 1. Property taxes are due and payable as of November 1 and become delinquent on April 1. A tax certificate sale is held at the end of May on all delinquent real estate taxes, and a lien is placed on the property.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

Ad valorem taxes levied by the Board of County Commissioners, for countywide public services, against real and tangible personal property, are limited by State Statutes to 10 mills on the dollar of assessed value unless any excess is approved by referendum of the voters. In addition, the County may levy up to 10 mills for municipal type services within the districts.

N. Amortization of Bond Discounts and Issue Costs - Enterprise Funds

Bond discounts and issue costs are amortized in accordance with FASB ASC 835-30-35, Subsequent Measurement – An Interpretation of APB 21, (Interest on Receivables and Payables).

O. Reserves of Fund Balances and Net Assets

Reserve accounts are used to disclose the portions of fund balances (governmental funds) or net assets (proprietary funds) which are legally restricted for specific future uses. The County's policy is that generally restricted resources are used first to fund eligible appropriations.

P. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

Q. Cash and Cash Equivalents

Cash and cash equivalents are cash on hand as well as demand deposits, investments and certificates of deposit included in pooled cash with original maturities of three months or less. Investments include non-pooled investments and certificates of deposit with original maturities of three months or greater.

2. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets.

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds." The details of this \$380,490,172 difference are as follows:

Bonds payable	\$322,126,739
Less: Deferred charge on refunding (to be amortized as interest expense)	(2,212,332)
Less: Discount (to be amortized as interest expense)	(158,341)
Plus: Issuance premium (to be amortized as interest expense)	4,600,138
Accrued interest payable	3,098,281
Leases payable	96,659
Notes payable	6,636,000
Accrued compensated absences	28,719,155
Arbitrage rebate	493,886
Other postemployment benefits	<u>17,089,987</u>

Net adjustment to reduce <i>fund balance – total governmental funds</i> to arrive at <i>net assets – governmental activities</i>	<u>\$380,490,172</u>
---	----------------------

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that, "Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets are allocated over their estimated useful lives and reported as depreciation expense."

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

The details of this \$26,421,152 difference are as follows:

Capital outlay	\$ 53,929,825
Depreciation expense	<u>(27,508,673)</u>
Net adjustment to increase <i>net changes in fund balances – total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ 26,421,152</u>

Another element of the reconciliation states that, "The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net assets." The details of this \$6,447,051 difference are as follows:

In the statement of activities, only the <i>gain</i> on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the capital assets sold.	\$ 5,808,296
Donations of capital assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	<u>(12,255,347)</u>
Net adjustment to increase <i>net changes in fund balances – total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ 6,447,051</u>

Another element of the reconciliation states that "the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this \$25,586,727 difference are as follows:

Issuance of bonds	\$ 3,897,816
Debt issuance costs	(18,401)
Principal repayments:	
Bonds	(24,129,080)
Capital lease	(92,174)
Notes payable	(1,465,000)
Bond refunding payment	<u>(3,779,888)</u>
Net adjustment to increase <i>net changes in fund balances – total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ 25,586,727</u>

Another element of the reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this \$985,296 difference are as follows:

Accrued compensated absences	\$ (324,350)
Arbitrage rebate	(579,500)
Other postemployment benefits	1,906,318
Accrued interest	(245,159)
Amortization of deferred charge on refunding	409,407
Amortization of debt issuance costs	349,154
Amortization of bond discounts/premium	<u>(530,574)</u>
Net adjustment to decrease <i>net changes in fund balances – total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ 985,296</u>

3. **Cash** - Monies available within various funds were consolidated for investment purposes. The amount of public funds invested is discussed in Note 4. Substantially all operating cash at September 30, 2010, was invested utilizing the pooled investment concept. Interest earned was allocated to the various funds based on their average cash balance within the consolidated account. The average monthly interest rates on investments held by the County, in the pooled account, ranged from .75% to 1.03%.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

Cash with escrow and paying agent of \$1,522,941 is comprised of \$296,728 accounted for in Brevard County Transportation Trust fund for the acquisition of land, \$5,213 accounted for in the Special Revenue Funds for the Brevard County Shore Protection Projects and \$1,221,000 accounted for in the Internal Service Funds as an insurance reserve balance as required by the County's insurance providers.

4. Investments - The investment program is established in accordance with the County's investment policy, pertinent bond resolutions and Sections 125.31 and 218.415, Florida Statutes, which allows the County to invest in the State Board of Administration, State of Florida, direct obligations of the United States Government, obligations of the different agencies of the Federal Government, Corporate Notes and time deposits or savings accounts of financial institutions under Federal and State regulation. Obligations of the different agencies of the Federal Government include fixed rate mortgage-backed securities.

The investing of public funds with the State Board of Administration (SBA) - Local Government Surplus Funds Trust Fund - is governed by Section 218.407, Florida Statutes. The SBA is under the regulatory oversight of the State of Florida. This investment pool consists largely of corporate notes and commercial paper.

The SBA's Florida Prime, formerly the LGIP pool, is considered a Securities and Exchange Commission (SEC) "2a7-like" fund, with the fair value of the investment equal to the account balance. A 2a7-like fund is not registered with the SEC as an investment company, but has a policy that it operates in a manner consistent with SEC's Rule 2a7 of the Investment Company Act of 1940, the rules governing money market funds. Thus, the pool operates essentially as a money market fund, but is classified as an external investment pool.

The SBA Pool B participants are prohibited from withdrawing any amount from Pool B. As securities mature in Pool B, funds are transferred to Florida Prime at which time the funds are available to withdraw without any restrictions. The weighted average days to maturity of Florida Prime was 52 days, while the weighted average life of Fund B was 7.49 years, as of September 30, 2010.

On September 30, 2010 the County had \$579,690 invested in Florida Prime and \$10,526,781 remaining in Pool B, with a fair value of \$7,445,156.

#### Custodial Risk

The bank amount of the County's demand deposits was \$38,666,919 at September 30, 2010. The demand deposits are insured by the FDIC up to \$250,000 per entity. Monies invested in amounts greater than the insurance coverage are secured by the qualified public depositories pledging securities with the State Treasurer in such amounts required by the Florida Security for Public Deposits Act. In the event of a default or insolvency of a qualified public depositor, the State Treasurer will implement procedures for payment of losses according to the validated claims of the County pursuant to Section 280.08, Florida Statutes. Corporate notes, U.S. Treasury notes and all federal agency obligations are held by the County's agent in the County's name.

#### Credit Risk

Concentration of credit risk is the risk of loss attributable to a government's investment in a single issuer. To limit concentration of credit risk, the County's policy restricts the amount that is allowed to be invested in any one issuer. Federal Instrumentalities are limited to no more than 25% per issuer. Corporate Notes and Commercial Paper are limited to 5% per issuer. Investments in Federal Home Loan Bank, Federal Home Loan Mortgage Corp., Federal Farm Credit Bank and Federal National Mortgage Assn. represented 20%, 16%, 13%, and 5% respectively, of the County's total investments.

Credit quality risk results from the potential default of investments that are not financially sound. The County's policy requires that Corporate Notes must have a rating, of at least, in the category "Aa" by Moody's and "AA" by Standard & Poor's. Commercial Paper must have a rating of, at least, "Prime 1" by Moody's and "A-1" by Standard & Poor's. The Corporate Notes currently held in the portfolio have a Standard & Poor's rating of AA+ and the Commercial Paper has an A-1+ rating by Standard & Poor's. The credit quality of the federal agency securities held by the County is AAA rated by Standard & Poor's. The Local Government Surplus Funds Trust Investment Pool (Florida Prime) was rated AAAm by Standard and Poor's at September 30, 2010. The Local Government Surplus Funds Trust Fund B was not rated by a nationally recognized statistical rating agency at September 30, 2010.

#### Interest Rate Risk

As a means of limiting exposure to fair value losses arising from rising interest rates, the County investment policy prohibits purchases of securities with final maturities of 10 years or greater. The policy also limits the overall weighted average duration of principal return for the entire portfolio to less than 3 years. The County's current weighted average duration is 1.14 years.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

As of September 30, 2010, the County had the following investments and maturities:

	Fair Value	Maturity (Years)			
		Less Than 1	1-2	2-3	Over 3 Years
Corporate Note	\$ 27,363,607	\$ 0	\$17,764,801	\$ 9,598,806	\$ 0
Commercial Paper	7,006,367	7,006,367	0	0	0
Federal Farm Credit Bank	59,053,837	39,960,733	19,093,104	0	0
Federal Home Loan Bank	88,894,252	60,008,900	20,101,321	8,784,031	0
Federal Home Loan Mortgage Corp.	68,557,375	39,906,882	14,505,481	6,964,033	7,180,979
Federal National Mortgage Assn.	23,619,167	0	4,335,107	10,253,100	9,030,960
U.S. Treasury Bonds/Notes	76,818,675	28,231,456	3,839,253	44,747,966	0
Money Market Accounts	70,317,698	70,317,698	0	0	0
Certificates of Deposits	15,000,000	15,000,000	0	0	0
<b>Total</b>	<b>\$435,630,978</b>	<b>\$260,432,036</b>	<b>\$79,639,067</b>	<b>\$ 80,347,936</b>	<b>\$16,211,939</b>

The carrying amount of the discretely presented component units' deposits with financial institutions was \$12,222,175 and the bank balance was \$12,642,742, which is insured by FDIC or collateralized with securities held by the State Treasurer in accordance with Chapter 280, Florida Statutes. On September 30, 2010 the component units had \$723,092 invested in Florida Prime and \$347,511 remaining in Pool B, with a fair value of \$289,319. The Housing Finance Authority (a component unit) also had investments in mortgage-backed securities with AAA rating and a weighted average maturity of 21 years. The fair value of the Government National Mortgage Association and Federal National Mortgage Association securities on September 30, 2010 was \$555,539.

- Receivables** - The accounts receivable for the governmental activities of \$10,750,214 are net of allowances for doubtful accounts of \$3,392,981. Charges for services are net of mandatory contractual adjustments in the amount of \$5,096,074 for Medicare/Medicaid and Champus. Having billed these organizations, the County is federally mandated to accept their allowable charges for services rendered. The accounts receivable for the business-type activities of \$935,455 are net of allowances for doubtful accounts of \$106,567.
- Prepaid items** - The prepaid items include \$1,205,158 of premiums paid on insurance policies. The remaining amount, \$305,615, represents various maintenance and service agreements, software license renewals and other prepayments.
- Capital Assets**

Capital assets activity for the year ended September 30, 2010, was as follows:

Primary Government	Oct. 1, 2009	Increases	Decreases	Sept. 30, 2010
<b>Governmental Activities:</b>

Depreciation expense was charged to functions of the primary government as follows:

Governmental Activities:	
General government	\$ 4,632,927
Public safety	7,289,741
Physical environment	649,378
Transportation	5,593,994
Economic environment	204,877
Human services	1,316,108
Culture and recreation	7,821,648
Internal service funds	680,342
Total	<u>\$28,189,015</u>

The increase in accumulated depreciation for governmental activities of \$28,349,510 differs from depreciation expense of \$28,189,015 because of accumulated depreciation in the amount of \$160,495 associated with assets transferred from business-type activities.

Business-type Activities:	
Solid Waste Management Department	\$ 4,577,402
Water Resources Department	6,570,256
Barefoot Bay Water & Sewer District	932,633
Space Coast Area Transit	1,688,830
Brevard County Golf Courses	453,775
Total	<u>\$14,222,896</u>

Component Units

8. Construction and Other Significant Commitments - At September 30, 2010, the County had several uncompleted construction contracts and other contractual commitments as follows:

<u>Project Title</u>	<u>Remaining committed</u>
General Government	\$ 2,270,334
Parks and Recreation	4,306,453
Road Projects	4,764,772
Fire/Rescue	96,979
Surface Water Improvement	378,007
Transit Services	2,811,716
Water Resources	799,819
Total	<u>\$15,428,080</u>

The County executed agreements to accept the donation of land, public safety facilities and cash in return for reimbursing the developer from future impact fees generated by building activity. The cash is to build a causeway interchange and improve the transportation network. On March 5, 2009, the County suspended transportation impact fees under Ordinance 09-08E. The Ordinance will sunset and be repealed on March 1, 2012. Although not obligated, the County reasonably expects to assess all other impact fees. Total cost for the public safety facilities and contribution relating to the roadways construction project was \$1,124,555 and \$6,765,736, respectively.

The anticipated future payments are as follows:

<u>Year Ended September 30</u>	<u>Amount</u>
2011	\$ 15,660
2012	0
2013	77,000
2014	77,000
After 2014	<u>6,126,000</u>
Total anticipated future payments	<u>\$6,295,660</u>

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

9. Interfund Receivable and Payable Balances at September 30, 2010 - The composition of interfund balances as of September 30, 2010, is as follows:

<u>Receivable Fund:</u>	<u>Payable Fund:</u>	<u>Amount</u>
General Fund	Grants	\$ 770,000
	Nonmajor Governmental Funds	515,360
	Nonmajor Proprietary Funds	168,468
Emergency Services	General Fund	67,259
Brevard County Transportation Trust	Grants	3,235,320
	Nonmajor Governmental Funds	2,000
Parks and Recreation Facilities	Grants	1,526,069
Nonmajor Governmental Funds	General Fund	517,643
	Nonmajor Governmental Funds	18,863
	Agency Funds	50,000
Solid Waste Management Department	General Fund	35,381
Water Resources Department	General Fund	70,764
	Barefoot Bay Water & Sewer District	60,000
Agency Funds	General Fund	99
Internal Service	Nonmajor Governmental Funds	<u>19,000</u>
Total Interfund Receivables and Payables		<u>\$7,056,226</u>

These balances resulted from the time lag between the dates that interfund goods and services were provided and the payments between funds were made.

10. Advances To and From Other Funds - The General Fund advance from other funds represents a loan from the Solid Waste Management (\$379,641), Water Resources (\$759,303) and Surface Water Improvement (\$379,525) funds for construction of an administrative office building; the \$1,518,469 balance is not scheduled to be paid in fiscal year 2011. The Grants fund advance from other funds represents a loan from the General Fund (\$170,000) to pay costs of the Metropolitan Planning Organization and will be reimbursed by Federal grants. The Special Road and Bridge Districts advance from other funds represents a loan (\$94,500) from the General Fund for the completion of a dredging project; the loan will be repaid from future tax revenues. The Education Impact Fee advance from other funds (\$139,664) represents a loan from the General Fund to construct a charter school; the loan will be repaid as impact fees are collected from residential development within the benefiting area. The Commercial Paper Note advance from other funds (\$43,047) represents loans from Risk Management and Special Road and Bridge District funds (\$37,647 and \$5,400, respectively) used to pay off the remaining balances of existing debt. The loans will be repaid from future special assessment revenue collections. The Barefoot Bay Water & Sewer District advance from other funds includes a loan from the Water Resources Department (\$846,258) for the acquisition and interconnection cost of the Snug Harbor Utility System. The loan will be repaid from future revenues of the system.
11. Solid Waste Landfill Closure and Postclosure Care Costs - The County owns and operates the Sarno Road Class III landfill and the Central Disposal Facility landfill. Federal and State laws require the County to close the landfills once their capacity is reached, and to monitor and maintain the sites for thirty subsequent years. The County recognizes a portion of the closure and postclosure care costs in each operating period even though actual disbursements will not occur until the landfills are closed. The amount recognized each year to date is based on the landfill's capacity used as of the balance sheet date. The estimated costs of closure and postclosure care are subject to changes, such as the effects of inflation, revision of laws, and other variables. For the year ending September 30, 2010, the estimated costs of closure and postclosure care for the landfills increased by \$882,574.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

The following information is for the year ending September 30, 2010:

	<u>Landfill capacity</u>	<u>Landfill capacity used</u>	<u>Reported liability</u>	<u>Estimated remaining liability</u>	<u>Remaining life (years)</u>
Sarno Road	7,415,651 cu/yds	75%	\$10,659,785	\$3,598,267	7
Central Disposal	22,682,344 cu/yds	83%	\$16,525,289	\$5,905,241	4

By state law, the County is required to accumulate assets needed for the actual payout of the closure and postclosure care costs prior to the closing of a landfill. Assets of \$24,605,425 have been restricted for this purpose within the Solid Waste Management Department Fund.

12. Leases

- A. The County has entered into numerous capital lease arrangements for the purpose of acquiring operating and office equipment. The County also has financed the acquisition of certain golf carts for its Brevard County Golf Courses Fund by means of a lease. The lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments. The future minimum lease payments at September 30, 2010, are as follows:

<u>Year Ended September 30</u>	<u>Governmental Activities</u>	<u>Business-type Activities</u>
2011	\$ 89,962	\$196,372
2012	10,225	196,372
2013	0	114,562
Total minimum lease payments	\$100,187	\$507,306
Less amount representing interest	3,528	8,360
Present value of minimum lease payments	<u>\$ 96,659</u>	<u>\$498,946</u>

The assets currently being acquired through capital leases are as follows:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>
Machinery and equipment	\$434,829	\$577,926
Accumulated depreciation	\$186,355	\$ 19,171

- B. The County leases office facilities, equipment, service and maintenance, office equipment, and vehicles, under noncancelable operating leases and operating leases. Total payments for noncancelable operating leases and operating leases were \$1,292,291, and \$556,460, respectively, for the year ended September 30, 2010. The future minimum lease payments for noncancelable operating leases are as follows:

<u>Year Ended September 30</u>	<u>Amount</u>
2011	\$ 910,327
2012	649,379
2013	520,823
2014	339,736
2015	281,153
2016-2020	189,829
2021-2025	95,363
2026-2030	110,552
2031	17,970
Total minimum lease payable	<u>\$3,115,132</u>

13. Bonded and Other Indebtedness

A. Business-type Activities

\$55,155,000 2002 Utility Revenue Refunding Bonds – due in annual installments of \$6,465,000 to \$7,545,000 through March 1, 2014; interest at 5.25%; issued to finance the cost of refunding the Utility Revenue Bonds, Series 1993; payable from gross revenues of the Water Resources System.

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above totals for governmental activities. Claims and judgments liability is liquidated by the Risk Management Internal Service fund. Accrued compensated absences liability is liquidated with resources of the same fund that has paid the applicable employee's regular salaries and fringe benefits.

14. Obligation for Bond Arbitrage Rebate - Pursuant to the U.S. Internal Revenue Code, the County must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. Arbitrage rebate, if any, is due and payable on each five year anniversary of the respective debt issue. As of September 30, 2010, the County had outstanding arbitrage rebate liability in the amount of \$493,886.

15. Current and Advance Refunding of Debt

A. During the fiscal year ended September 30, 1978, the County completed a full cash advance refunding of all outstanding Water Resources Utility Revenue Bonds, Series 1973, Series 1973A, and Series 1975, to effect an overall reduction in debt service and to revise certain terms and covenants made under the outstanding bonds. The advance refunding was financed from the issuance of \$11,665,000 Refunding Revenue Bonds, Series 1978, and the simultaneous issuance of \$17,725,000 Special Obligation Bonds, Series 1978A. The net proceeds from the bonds were deposited in an irrevocable escrow account and invested in federal securities at an amount sufficient for the payment of all principal, interest, and call premiums due on the refunded bonds. As a result, the respective liens of the refunded 1973, 1973A, and 1975 bonds were defeased, and the County's obligation on the refunded debt was satisfied. The Special Obligation Bonds, Series 1978A, which are not presented in the accompanying balance sheet, are secured by, and payable from, the federal securities and interest income earned on the federal securities held in escrow and do not constitute an obligation of the County. Total outstanding principal of the Series 1973 and Series 1973A bonds at September 30, 2010, were \$375,000 and \$235,000, respectively. Total outstanding principal of the Series 1978A bonds was \$50,000. The Series 1975 bonds were fully retired during fiscal year 2006.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

- B. During the fiscal year ended September 30, 1985, the County completed a net cash advance refunding of outstanding Water Resources Utility Revenue Bonds, Series 1978 and Series 1983, to effect an overall reduction in debt service and to revise certain terms and covenants made under the outstanding bonds. The advance refunding was financed from the issuance of \$17,295,000 Refunding Subordinate Revenue Bonds, Series 1984, refunded by Subordinate Utility Revenue Bonds, Series 1988. The net proceeds from the bonds were deposited in an irrevocable escrow account and invested in federal securities at an amount sufficient for the payment of all principal, interest, and call premiums due on the refunded bonds. As a result, the respective liens of the refunded 1978 and 1983 bonds were defeased, and the County's obligation on the refunded debt was satisfied. Total outstanding principal of the Series 1978 and the Series 1983 bonds at September 30, 2010, was \$950,000 and \$2,620,000, respectively.
- C. During fiscal year ended September 30, 2005, the County completed a net cash advance refunding of all outstanding Constitutional Fuel Tax Revenue Bonds, Series 2000 maturing on or after August 1, 2011, to effect an overall reduction in debt service. The advance refunding was financed from the issuance of \$25,525,000 Constitutional Fuel Tax Refunding Bonds, Series 2005. The net proceeds were deposited into an irrevocable escrow account and invested at an amount sufficient for the payment of all principal, interest, and call premiums due on the refunded bonds. As a result, the respective liens of the refunded bonds were defeased and the County's obligation on the refunded debt was satisfied. The Series 2000 bonds were fully retired during fiscal year 2010.
- D. During the fiscal year ended September 30, 2010, the County completed a current refunding of all outstanding Guaranteed Entitlement Revenue Refunding Bonds, Series 1999, Second Guaranteed Entitlement Revenue Bonds, Series 1996, and Sales Tax Refunding Revenue Bonds, Series 1997, to effect an overall reduction in debt service. The current refunding was financed through sinking fund contributions and the issuance of the \$6,787,000 Subordinated Sales Tax Refunding Revenue Bond, Series 2009B.

16. **Bond Coverage** - The County is required by bond resolutions to fix, establish, and maintain such user rates that will always provide sufficient revenue for debt service, operations and maintenance, and all other reserve requirements pertinent to the bond issues within the affected Enterprise Funds. Where the bond resolutions provide for more than one bond coverage test, the covenants shown are the most restrictive.

The following tabulation indicates the degree of compliance with the bond resolution covenants in the Water Resources Department, and the Barefoot Bay Water & Sewer District at September 30, 2010. These coverage tests compare debt coverage required with revenue available after covering operating and maintenance expenses.

	<u>Water Resources Department</u>	<u>Barefoot Bay Water &amp; Sewer District</u>
Gross revenues available for compliance	\$27,671,050 (1)	\$3,355,420
Operating and maintenance expense (excluding depreciation expense)	<u>17,749,338 (2)</u>	<u>1,692,783 (3)</u>
Amount of revenue over operating and maintenance expense	<u>\$ 9,921,712</u>	<u>\$1,662,637</u>
Debt coverage required	<u>\$ 9,719,070</u>	<u>\$1,225,273</u>
Percent coverage for the year ended September 30, 2010	<u>102%</u>	<u>136%</u>

- (1) Includes \$1,400,027 in connection fees.
- (2) Operating and maintenance expense excludes payment in lieu of taxes (\$984,680), renewal and replacement expenses (\$791,903).
- (3) Operating and maintenance expense excludes \$122,385 renewal and replacement expenses.

17. **Intergovernmental Component Units Assistance Programs**

**Florida Department of Transportation Reimbursable Grants** - Capital projects at the Space Center Executive Airport are generally funded by a combination of grants from the Federal Aviation Administration (FAA), the Florida Department of Transportation (FDOT), and funds provided by the Titusville - Cocoa Airport Authority (Authority). The FDOT generally may fund up to 50% of eligible project costs which are not funded by the FAA,

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

except that the FDOT may initially fund up to 75% of certain project costs, and the FDOT shall be reimbursed to the 50% level when the FAA funds become available or within 10 years after project completion, whichever is earlier. In prior years, the Authority received three grants from the FDOT totaling \$993,800 of which \$256,266 exceeded the 50% limit.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

19. Risk Management - The County is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has established a Risk Management fund (an Internal Service Fund) to account for and finance its uninsured risks of loss. Under the Risk Management fund program, the County retains exposure up to a maximum of \$350,000 for each worker's compensation claim, and \$50,000 for each general liability claim. For all risk property, the County retains exposure up to a maximum of \$100,000 per occurrence, all perils. For weather catastrophes, as a result of named storms, the County retains exposure of 5% of Total Insurable Values (TIV) with a minimum of \$500,000 per occurrence. For flood losses, the County retains exposure of 5% of TIV with a minimum of \$1,000,000 for any one occurrence in a special flood hazard area. For floods due to named storms, the exposure is 5% of TIV with a minimum of \$500,000; any other flood outside of special flood hazard area \$500,000. The County purchases commercial insurance for claims in excess of coverage provided by the fund. Settled claims have not exceeded this commercial coverage in any of the past three years.

The County has established a self-insured Employee Group Insurance Program to account for medical insurance claims of County employees and their covered dependents. Under this program, the fund provides the employee with an annual maximum benefit of \$1,000,000. The County did not purchase Stop Loss coverage for its self-insured medical claims in the 2010 plan year. The County has contracted with various agencies (third party administrators) to perform certain administrative functions, such as monitoring, reviewing and paying claims.

All County departments participate in the self insurance programs and make payments to the Risk Management fund based on actuarial estimates of the amounts needed to pay prior and current year claims. The claims liability of \$20,935,831 in the Risk Management fund, reported at September 30, 2010, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements, and the amount of the loss can be reasonably estimated. Changes in the claims liability amounts in fiscal years 2009 and 2010 were:

	<u>2009</u>	<u>2010</u>
Beginning of fiscal year liability	\$16,896,556	18,349,086
Current year claims	51,194,549	51,200,698
Claim payments	<u>(49,742,019)</u>	<u>(48,613,953)</u>
Balance at fiscal year end	<u>\$18,349,086</u>	<u>\$20,935,831</u>

The claims liability at September 30, 2010, has been calculated as follows:

Present value of estimated outstanding losses (estimated losses of \$22,235,845, discounted to reflect future investment earnings at 2.0%)	\$20,697,916
Unallocated loss adjustment expenses (calculated at 7.5% of outstanding losses, excluding medical insurance)	1,183,878
Estimated recoveries on settled claims	<u>(945,963)</u>
Claims liability at September 30, 2010	<u>\$20,935,831</u>

20. Deferred Compensation - The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457 that is administered by an agent of the National Association of Counties. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or for an unforeseeable emergency. All assets and income of the plan are held in trust for the exclusive benefit of the participants.
21. Contingent Liabilities - There are a number of pending lawsuits in which the County is involved. Although the outcome is not readily determinable, resolution of these matters is not expected to have an adverse effect on the financial condition of the County.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

22. Interfund Transfers - Monies are transferred from one fund to support expenditures of another fund in accordance with legally established budgets. Transfers between funds during the year ending September 30, 2010, were:

<u>Transfers Out</u>	<u>Transfers In</u>	<u>Amount</u>
General Fund	Emergency Services	\$ 7,934,922
	Brevard County Transportation Trust	3,333,806
	Grants	641,975
	Nonmajor Governmental Funds	14,956,959
	Solid Waste Management Department	83,335

	Brevard County Transportation Trust	9,603
	Grants	5,083
	Parks & Recreation Facilities	4,875
	Nonmajor Governmental Funds	335,036
	Solid Waste Management Department	159,204
	Water Resources	235,379
	Barefoot Bay Water & Sewer District	20,669
	Nonmajor Proprietary Funds	32,575
	Internal Service Funds	10,142
<b>Total Transfers</b>		<u>\$46,201,034</u>

Transfers are used to allocate funding within the County government. These include subsidized functions such as emergency services and transportation. The County transfers resources pledged to service annual debt payments to the Debt Service Funds.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

23. **Retirement Plan** - All Brevard County permanent employees participate in the Florida Retirement System, which is a multiple-employer, cost sharing public employee retirement system. This retirement system is administered by the State of Florida, Department of Administration, Division of Retirement. The retirement system is noncontributory for members; all contributions are made by participating employers. Membership in the Florida Retirement System is mandatory if an employee is in a full-time or part-time regularly established position in a state agency, county government, district school board, state university, community college, or any other qualified participating agency. The retirement system provides for vesting of benefits after six years of service (eight years for elected county officials). Employees are eligible for normal retirement with 30 years of creditable service or at age 62. Early retirement may be taken any time after six years of service (eight years for elected county officials); however, there is a 5% benefit reduction for each year prior to normal retirement. Benefits are computed on the basis of age, average final compensation, and service credit. Average final compensation is the average of the five highest fiscal years of earnings. The system also provides for death and disability benefits, which are established by Florida Statutes.

Brevard County is required to contribute an actuarially determined rate. The retirement plan is funded by employer contributions at a rate of 9.85% through June 2010, and changed to a rate of 10.77% effective July 2010, of gross pay for regular employees; 20.92% through June 2010 (23.25% effective July 2010) for special-risk employees, which include law enforcement officers, correctional officers, and firefighters; and 16.53% through June 2010 (18.64% effective July 2010) for elected officials. The County's contributions for the years ending September 30, 2010, 2009, and 2008, were \$25,687,244, \$25,632,654, and \$25,928,294, respectively, which equal the required contributions for each year. Contributions for the year ending September 30, 2010, represented 14.37% of covered payroll.

The Florida Division of Retirement issues a publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Florida Division of Retirement, 2639 Monroe Street, Building C, Tallahassee, FL 32399-1560.

24. **Other Postemployment Benefits**

**Plan Description** - The Brevard County Board of County Commissioners (Board) administers a single employer defined benefit healthcare plan (the "Plan"). The Plan provides health care benefits including medical coverage and prescription drug benefits to both active and eligible retired employees and their dependents. Florida Statutes require local governments to offer the same health and hospitalization insurance coverage to retirees and their eligible dependents as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. For the retired employees and their eligible dependents, the cost of any such continued participation may be paid by the employer or by the retired employees. Full time employees of the Board and Charter Officers are eligible to participate in the Plan. Employees who are active participants in the plan at the time of retirement and are either age 62 with completion of six years of service or have 30 years of service, are also eligible to participate. The Plan does not issue a publicly available financial report.

The Board may amend the plan design, with changes to the benefits, premiums and/or levels of participant contribution at any time. On at least an annual basis and prior to the enrollment process, the Board approves the rates for the coming year for the retiree, employee and County contributions.

As of September 30, 2010, the membership of the County's medical plan consisted of:

Active Employees	3,688
Retirees, Spouses and Beneficiaries	<u>1,321</u>
Total	<u>5,009</u>

**Funding Policy** - The maximum employer contribution target is 56% of the annual premium cost of the plan. The annual premium costs are between \$7,407 and \$12,683 for retirees and spouses under age 65 and between \$4,575 and \$7,655 for retirees and spouses over age 65. Employees hired prior to January 1, 2006 are eligible to receive 100% of the earned percentage of benefits for their lifetime upon attainment of age 62 and completion of 6 years of service or upon completing 30 years of service, if earlier. Employees hired on or after January 1, 2006 are eligible to receive a graduated earned percentage of benefits upon retirement based on years of service.

**Annual OPEB Costs and Net OPEB Obligation** - The County's annual other postemployment benefit (OPEB) cost is calculated based on the required contribution of the employer (ARC). The ARC is actuarially determined in accordance with standards set in accepted accounting standards and represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize past unfunded liabilities over thirty years. The Brevard County governing body has elected not to completely fund the ARC.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

The following table shows the actuarial determined components of the obligation as of October 1, 2009 based on the current plan provisions:

Annual required contribution	\$ 6,121,836
Interest on net OPEB contribution	794,082
Adjustment to annual required contribution	<u>(710,017)</u>
Annual OPEB cost (expense)	\$ 6,205,901
Contributions made	<u>(4,034,305)</u>
Increase in net OPEB obligation	\$ 2,171,596
Net OPEB obligation – beginning of year	<u>17,077,025</u>
Net OPEB obligation – end of year	<u>\$ 19,248,621</u>

No trust or agency fund has been established for the plan; there were no adjustments to the annual required contribution or interest earnings.

Funded Status and Funding Progress - The contributions made for the 2008, 2009 and 2010 fiscal years were 28.9%, 31.4% and 65.0% respectively of the annual OPEB cost. As of the October 1, 2009 actuarial valuation date, the actuarial accrued liability for benefits was \$93.4 million, all of which was unfunded. The annual payroll of active employees covered by the OPEB plan was \$178,802,238 and the ratio of the UAAL to the covered payroll was 52.2%.

Actuarial Methods and Assumptions - Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of the plan assets is increasing or decreasing over time, relative to the actuarial accrued liabilities for benefits.

Calculations for financial reporting purposes are based on the benefits provided under terms of the substantive plan (the plan as understood by the employer and the plan members) in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations or the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

The actuarial methods are:

Actuarial cost method	Projected unit credit
Amortization method	Level percent of compensation
Amortization period (closed)	30 years

The actuarial assumptions are:

Investment rate of return	4.65%
Projected annual salaries increase	3%
Healthcare cost trend rate	8% for fiscal year 2011, decreasing to a rate of 5% for the 2021 fiscal year.

25. Subsequent Events - On November 5, 2010 the County issued \$19,550,000 Subordinated Sales Tax Refunding Revenue Bond, Series 2010. The proceeds of the bond were used for a current refunding of all outstanding Sales Tax Refunding and Improvement Revenue Bonds, Series 2001.

On December 28, 2010, the County issued \$9,475,000 Non-Ad Valorem Revenue Note, Series 2010. The proceeds of the bond were used for a current refunding of all outstanding Florida Local Government Finance Commission commercial paper, to finance capital equipment for public safety and general government, and to finance a road repaving project within the County.

BREVARD COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010

On March 8, 2011, the County approved the defeasance and redemption of portions of the outstanding Limited Ad Valorem Tax Bonds, Series, 2005 (EELS), in an amount not to exceed \$5 million, utilizing existing reserves.

On March 8, 2011, the County approved the defeasance and redemption of portions of the outstanding Limited Ad Valorem and unallocated Tax Bonds, Series 2007 (South Brevard Recreation Special District), in an amount not to exceed \$18 million, utilizing existing reserves.

On March 8, 2011, the County approved the defeasance and redemption of portions of the outstanding Limited Ad Valorem Tax Bonds, Series 2007 (Merritt Island Recreation MSTU Parks & Recreation Program), in an amount not to exceed \$5 million, utilizing existing reserves.

On March 8, 2011, the County approved the defeasance and redemption of portions of all Utility Revenue Refunding Bonds, Series 2002, in an amount not to exceed \$23 million, utilizing interdepartmental loans as well as utility service fee revenues.

## Nonmajor Governmental Funds

### Special Revenue Funds

Recreation District IV Operating Fund - to account for an ad valorem tax levy of up to 0.9 mill in County Commission District IV in accordance with Chapter 71-544, Laws of Florida, for the provision of recreation facilities and programs.

Brevard County Free Public Library District Fund - to account for a county-wide ad valorem tax levy of up to 1.0 mill pursuant to Chapter 72-480, Laws of Florida, to operate and maintain the County library system.

Brevard County Mosquito Control District Fund - to account for a county-wide ad valorem taxing district pursuant to Chapter 18437, Laws of Florida, and Chapter 388, Florida Statutes, for the purpose of controlling arthropods.

Special Road And Bridge Districts Fund - to account for ad valorem tax levies in Districts I, II, III, IV, and V of up to 1.0 mill per district for the maintenance of roads, bridges, and canals of the community as provided by County Ordinances.

Miscellaneous Fines Fund - to account for fines imposed upon those found guilty of criminal offenses that are to be used for various judicial costs.

Recreation District I M.S.T.U. Fund - to account for an ad valorem tax levy of up to 1.0 mill in County Commission District I for the operation of recreation programs in accordance with Ordinance 76-29.

Special Law Enforcement District Fund - to account for an ad valorem tax levy of up to 2.0 mills for the provision of law enforcement services to the community in accordance with Ordinance 01-55. This includes contracts with the City of Cape Canaveral, the Canaveral Port Authority, and the Housing Authority of Brevard County for law enforcement services.

Tourist Development Tax Fund - to account for the collection of sales tax levied against revenues associated with tourism in Brevard County. These taxes are to be expended to promote tourism, acquire and improve tourist facilities, finance beach improvement and renourishment, and construct a zoo and sports complex. This levy was established pursuant to Section 125.0104, Florida Statutes and Ordinance 86-25, as amended by 2005-21.

Surface Water Improvement Division Fund - to account for the collection of stormwater assessments in Districts I, II, III, IV, and V. These revenues are to be expended in accordance with Ordinance 90-34.

State Housing Initiative Partnership Fund - to account for a local housing program which expands the supply of affordable housing for low income families pursuant to Section 420.9075, Florida Statutes.

Hurricane Housing Recovery Program Fund - to account for a housing recovery assistance plan resulting from hurricanes in 2004.

Brevard County Building Code Compliance Fund - account for revenues pursuant to Chapter 553, Florida Statutes, to process development application applications and comply with building codes.

Education Impact Fees Fund - to account for impact fees assessed on new construction for public elementary and secondary educational facilities.

Environmentally Endangered Land Program Fund - to account for acquisition and improvements to endangered lands in Brevard County.

Records Modernization Trust Fund - to account for service charges collected on recording fees to be used for modernization of the official records system, and court-related technology needs of the Clerk, as set forth in Section 28.24, Florida Statutes.

### **Debt Service Funds**

Tourist Development Tax Revenue Refunding Bonds, Series 2001 - to refund Tourist Development Tax Revenue Bonds, Series 1993, which were issued to finance the construction of a baseball spring training facility within Brevard County.

Sales Tax Revenue Bonds - to finance the acquisition and construction of capital improvements within Brevard County.

Commercial Paper Note - to fund the construction of T-hangars and special assessment projects, finance the dredging of channels and canals, acquisition of land and buildings, and purchase of various capital equipment.

Limited Ad Valorem Tax Bonds - to finance the acquisition, preservation and improvement of environmentally endangered land in Brevard County; to finance the acquisition, development and improvement of certain parks in North Brevard, South Brevard, and Merritt Island.

Second Guaranteed Entitlement Bonds, Series 1996 - to finance the acquisition and construction of recreational facilities in the Port St. John/Canaveral Groves Recreational Facilities Municipal Service Taxing Unit.

**Capital Projects Funds**

General Government Facilities - to account for the construction and improvements made to county government facilities in Brevard County.

Environmentally Endangered Land Purchases - to account for the acquisition of and improvements to, environmentally endangered lands in Brevard County.

# STATISTICAL SECTION

This part of Brevard County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

## Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

## Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

## Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

## Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

## Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

- (1) The Brevard County Property Appraiser shall assess all property at market or just value. In arriving at just valuation as required under s. 4 Article VII of the State Constitution, the Property Appraiser takes into consideration the factors enumerated in Section 193.011, Florida Statutes.
- (2) Governmental, Institutional and Economic Development Exemptions.
- (3) "Save our Homes" (FS 193.155), limits annual increases in property value assessments on real property qualifying and receiving the homestead exemption.
- (4) Other exemptions (ie, \$50,000 homestead exemption - increased from \$25,000 in 2008, Disability/Blind, Widows/Widowers, and age 65 & older).
- (5) Includes only the Countywide Tax Rate from Table 8.

BREVARD COUNTY, FLORIDA  
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
AND STATE FINANCIAL ASSISTANCE  
SEPTEMBER 30, 2010

**Notes to the Schedule of Expenditures of Federal Awards and State Financial Assistance**

**1) General:**

The Schedule of Expenditures of Federal Awards and State Financial Assistance presents the activity of all federal programs and state projects of Brevard County, Florida. The reporting entity of Brevard County is defined in the notes to financial statements.

**2) Basis of Accounting:**

The Schedule of Expenditures of Federal Financial Awards and State Financial Assistance is maintained on a modified accrual basis of accounting for Governmental Fund types except for donated items and the full accrual basis of accounting for the Proprietary Fund types which is described in the notes to financial statements.

**3) Transfers to Subrecipients:**

During the year ended September 30, 2010, the following amounts were provided to subrecipients from each Federal Program and State Project.

Name of Federal Program:	<u>CFDA</u>	<u>Amount Transferred</u>
CDBG	14.218	\$ 177,359
HOME	14.239	\$ 955,066
HPRP	14.262	\$ 344,610
Byrne Recovery Law Enforcement Vehicle Purchase	16.803	\$ 582,334
New Freedom	20.521	\$ 184,801
CSBG	93.569	\$ 17,489
Name of State Project:	<u>CFSA</u>	<u>Amount Transferred</u>
Byrne Law Enforcement Vehicle Purchase II	16.738	\$ 155,661
FHOP	52.901	\$ 242,896
SHIP	52.901	\$ 219,020

**4) Non-cash Awards:**

During the year ended September 30, 2010, the County received the following non-cash assistance (commodities) from the Department of Agriculture (passing through Florida Department of Agriculture).

Name of Federal Program:	<u>Contract Number</u>	<u>CFDA</u>	<u>Amount Worth</u>
National Lunch Program	24.003	10.555	\$ 1,136

THE SINGLE AUDIT ACT, AND  
CHAPTER 10.550 RULES OF AUDITOR GENERAL

Report On Internal Control Over Financial Reporting And On Compliance  
And Other Matters Based On An Audit Of Financial  
Statements Performed In Accordance With  
*Government Auditing Standards*

Report On Compliance With Requirements That Could Have A Direct And  
Material Effect To Each Major Federal Program And State Project And  
On Internal Control Over Compliance In Accordance With OMB  
Circular A-133 And Chapter 10.550 Rules of the Auditor General

Schedule Of Findings And Questioned Costs

SEPTEMBER 30, 2010

The following component units, which are of various degrees of significance to the reporting entity of the Brevard County Board of County Commissioners, have been audited by other auditors:

Titusville - Cocoa Airport Authority  
Melbourne - Tillman Water Control District  
Housing Finance Authority

The separate auditors' report for these component units may be obtained directly from the appropriate entity.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Board of County Commissioners  
Brevard County, Florida

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Brevard County, Florida as of and for the year ended September 30, 2010, which collectively comprise Brevard County, Florida's basic financial statements and have issued our report thereon dated March 16, 2011. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of Titusville-Cocoa Airport Authority, Melbourne-Tillman Water Control District, and the Brevard County Housing Finance Authority, as described in our report on Brevard County, Florida's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Brevard County, Florida's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Brevard County, Florida's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Brevard County's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Brevard County's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we considered to be material weaknesses, as defined above.

However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying "Schedule of Findings and Questioned Costs" that we consider to be significant deficiencies in internal control over financial reporting. (Finding number(s) 10-01, 10-02 and 10-03) A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Brevard County, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted certain matters that we reported to management of Brevard County, Florida in a separate letter dated March 16, 2011.

Brevard County's response to the findings identified in our audit is described in the accompanying "Schedule of Findings and Questioned Costs." We did not audit Brevard County's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of County Commissioners of Brevard County, Florida, management and appropriate federal, state and other awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A  
DIRECT AND MATERIAL EFFECT TO EACH MAJOR FEDERAL PROGRAM AND STATE  
PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB  
CIRCULAR A-133 AND CHAPTER 10.550 RULES OF THE AUDITOR GENERAL**

Board of County Commissioners  
Brevard County, Florida

Compliance

We have audited the compliance of Brevard County, Florida, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* and the requirements described in the Department of Financial Services' *State Projects Compliance Supplement*, that could have a direct and material effect on its major federal programs and state projects for the year ended September 30, 2010. Brevard County, Florida's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs and state projects is the responsibility of Brevard County, Florida's management. Our responsibility is to express an opinion on Brevard County, Florida's compliance based on our audit.

Brevard County, Florida's basic financial statements include the operations of the Titusville-Cocoa Airport Authority, which received \$464,359 in federal awards and \$1,533,915 in state financial assistance that are included and separately presented in the schedule during the year ended September 30, 2010. Our audit, described below, did not include the operations of the Titusville-Cocoa Airport Authority because the component unit engaged other auditors to perform an audit in accordance with Chapter 10.550, Rules of the Auditor General, State of Florida.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, Rules of the Auditor General, State of Florida. Those standards, OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General, State of Florida, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred.

An audit includes examining, on a test basis, evidence about Brevard County, Florida's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Brevard County, Florida's compliance with those requirements.

In our opinion, Brevard County, Florida complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2010.

#### Internal Control Over Compliance

The management of Brevard County, Florida is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs and state projects. In planning and performing our audit, we considered Brevard County, Florida's internal control over compliance with the requirements that could have a direct and material effect on a major federal program or state projects in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Brevard County, Florida's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of County Commissioners of Brevard County, Florida, management and appropriate federal, state, other awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

55.001	Commission for the Transportation Disadvantaged (CTD) Trip and Equipment Grant Program
55.008	County Incentive Grant Program
55.026	Transportation Regional Incentive Program (TRIP)

**SECTION II - FINANCIAL STATEMENT FINDINGS**

**10-01 Accurate reporting of future committed funds**

*Significant Deficiency*

Criteria: GAAP requires that material commitments, such as construction contracts, be disclosed in the notes to the financial statements.

Condition: During testing of the construction and other significant commitments footnote disclosure, it was discovered that a project listed as being committed in the future had been completed.

Cause: At September 30th, the Purchasing Department zeroes out all purchase orders and then re-issues new purchase orders in the following fiscal year. However, County Finance prepares the footnote disclosure based on the amounts of the purchase orders that were re-issued by the Purchasing Department and that do not include paid invoices for the previous fiscal year paid subsequent to September 30<sup>th</sup>.

Effect: The future committed funds disclosed in the footnote is not an accurate amount of the remaining balance of future committed funds which could impact decisions about future projects and funds available.

Recommendation: We recommend that County Finance and the Purchasing Department implement a procedure to ensure that all commitments are accurately being disclosed in the notes to the financial statements.

Views of responsible officials and planned corrective actions: The County Finance Department, Central Services Office, and Budget Office will implement a procedure to ensure that the significant commitments are captured and disclosed in the notes to the financial statements. Staff believes that the reference to the five-year Capital Improvement Plan (CIP) can be utilized to meet GAAP requirements as the Plan takes into account prior year and anticipated future year expenditures.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED SEPTEMBER 30, 2010

SECTION II - FINANCIAL STATEMENT FINDINGS (continued)

10-02 Tracking receivables

*Significant Deficiency*

Criteria: Under GAAP, if a receivable is reasonably determined to be uncollectible then the receivable must be written off from the accounting records in order to accurately present total assets on the balance sheet.

Condition: During testing, it was noted that there are receivables relating to FEMA (Federal Emergency Management Agency), that have not been tracked as to whether the funds will be collected.

Cause: Reimbursable claims, approved by FEMA and submitted for payment are not tracked and documented as to the status of the payment.

Effect: Receivables are in the accounting records that could be uncollectible which would overstate assets.

Recommendations: We recommend that a process be implemented that tracks and documents the status of FEMA receivables and receivables over a year should be followed up with FEMA to determine if the receivable is uncollectible in order to ensure accurate presentation of total assets on the balance sheet.

Views of responsible officials and planned corrective actions: There is currently a process in place that allows for the tracking and follow-up of FEMA reimbursables and any outstanding receivables. Status reports are available for County Finance. Staff will provide these status reports to County departments and the County Finance department on a quarterly basis.

10-03 Recording of receivables and allowances

*Significant Deficiency*

Criteria: Under GAAP, balances owed by customers are deemed receivables until collected and are presented as assets net of an allowance on the balance sheet.

Condition: During evaluation of department-level receivables, it was noted that there have been no receivables and allowances recorded for the Planning and Development department.

Cause: The Planning and Development department accepts partial payments for Code Enforcement and Contractor Licensing citations and has not provided to County Finance the detail of the receivable balance at September 30<sup>th</sup> to evaluate for collectability and recording.

**BREVARD COUNTY, FLORIDA**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**YEAR ENDED SEPTEMBER 30, 2010**

**SECTION II - FINANCIAL STATEMENT FINDINGS (continued)**

**10-03**    Recording of receivables and allowances (continued)

Effect: Code Enforcement receivables prior to evaluation of collectability, have not been recorded thus understating assets.

Recommendations: We recommend that all departments accepting partial payments, provide to County Finance, at least on an annual basis, the detail of the unpaid balances for evaluation of collectability and reporting.

Views of responsible officials and planned corrective actions: A specific report is being developed for the system utilized within the Planning and Development department. Additionally, the Budget Office in conjunction with the Information Technology department and County Finance will develop a standardized excel spreadsheet and create a database to allow departments to track partial payments and update the County Finance department on an annual basis on any outstanding amounts. It is anticipated that such spreadsheets will be provided to County Finance by the middle of November for the recently completed fiscal year.

**SECTION III - FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL PROGRAMS AND STATE PROJECTS**

None reported.

**SECTION IV - SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**

**09-01**    Solid Waste Closure and Postclosure Care - Corrected

*Internal control significant deficiency*

Condition: The liability and expense accounts were overstated by \$785,587.

Recommendation: The organization should put special emphasis on the review of the executive summary of the engineer's report as most significant changes are highlighted there. It may also be of additional assistance to tie capacity amounts on the survey directly to the working paper calculation. Additionally, we recommend the departments communicate at the time the annual calculation is performed about key elements to ensure any changes are reflected.

Current Status: The 2010 executive summary of the engineer's report was in agreement with the capacity amounts included in the calculation of the Solid Waste Closure and Postclosure Care liability and expense amounts reported.

BREVARD COUNTY, FLORIDA  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED SEPTEMBER 30, 2010

**SECTION IV - SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS (continued)**

**09-02 Recording of unpaid/delinquent property taxes - Corrected**

*Internal control significant deficiency*

Condition: The Brevard County Tax Collector issues tax certificates for all unpaid property taxes as of June 1<sup>st</sup> for all parcels on which taxes have not been paid. Any tax certificate that was not purchased at the annual tax certificate sale is assigned to Brevard County. While documenting the property tax process from the Brevard County Tax Collector's process to County Finance's process, we discovered that unpaid property taxes were not being recorded. The amount of the unpaid taxes for the tax certificates assigned to Brevard County were not recorded as deferred revenue and property taxes receivable on the government wide financial statements.

Current Status: County Finance obtained from the Brevard County Tax Collector the report of unpaid property taxes and evaluated the balance for proper recording.
